### CITY OF GLASGOW.

Thursday Morning, August 12, 1852.

The Result in Howard. Every true Whig cannot but feel highly gratified at the result of the election in Howard county. It is true, we were not successful, so far as electing our ticket is concerned; but we have demonstrated to our friends abroad that the whig party of Howard has not "gone after new Gods," but stands upon the cld platform of whig principles and whig conservatism, unseduced by traitors within and undaunted by foes without. We have met the old enemy, face to face, with all his appliances and exertions, with all the assistance of oily tongued traitors, and hypocritical professors of whiggery, and look at the result!

In 1848 Green beat Wilson, in this county, 126 votes. Jackson and Clark run for jority was 111.

In 1850, the whigs had no candidates for the Legislature. Gen. Clark took the stump against John G. Miller, spoke against Price, 5.952.
